

Turn in all work

- Group quizzes
- SSM Final papers (with late coupon)

MSDS, Pg. 128

Chemical	Formula	Health	Flammability	Reactivity
Iron	Fe	1	2	1
Copper chloride	CuCl ₂	2	0	1
Iron (II) Chloride	FeCl ₂	3	0	0
Iron (III) Chloride	FeCl ₃	2	0	0

Lab Part 1

- Complete Part 1 including Measurements and Observations table (All of Page 2)

Stoichiometry Review

Target: (same)

Study Tips

- Attempt in-class, worksheet, and sample problems without looking at solution.
- Re-read SQ3R notes and in-class notes and identify any areas you don't understand. Look back over those topics and consult with teacher, if necessary.
- Ensure you have any materials needed for test: calculator, pencil and eraser, etc.

Homework

- Study for Friday's test.
- Note time spend in study log (Due Friday)
